

## Expect the unexpected

Target the best revenue opportunities upfront. Identify potential defaults in time to act.

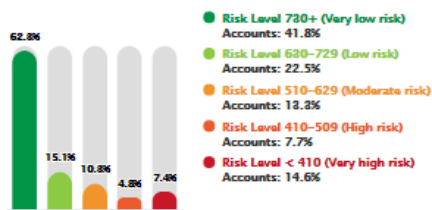

Also no surprises when it comes to cost. We publish our rates at affordable prices, so data-driven insights are accessible to companies of all sizes.

## Cortera® has the fastest growing commercial data network

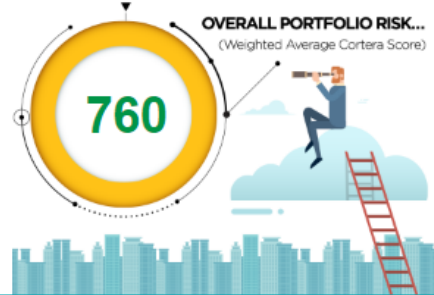

- Unlimited account monitoring, company queries, and end users
- Daily alert with summarized changes across portfolio
- Insights into Top 10 accounts
- Industry views to compare and identify trends
- Portfolio reports (CFO, monthly analysis)
- Related financial news and public record updates

### PORTFOLIO RISK EXPOSURE

#### RISK EXPOSURE: Cortera Score Ranges (Total Balances)

#### VITALS: Visualization of your customer portfolio

#### Portfolio Risk Score

This Month: 35 • Last Month: 31 • US Average: 50

Cortera Score™ predicts future health and credit risk by drawing insights from trends in purchase behavior, payment history and business events.
